	76	<p>Quantity: 1 Product category: LS II Valiant FF399 Motorcycle helmet XS Weight category: 0 to 23 kg Condition: Unused</p> <p>The Valiant must be the most versatile helmet on the market. Summer, winter, city or highway, you can quickly and easily adjust it to the needs of every moment. The Valiant is homologated as a jet helmet and as a full-face helmet.</p> <p>The outer shell consists of KPA, a combination of carbon, polycarbonate and ABS. This specific composition and the play with the right proportions results in a high-quality material, for a limited volume. This makes the Valiant considerably smaller (and lighter!) than its competitors. The helmet sizes are divided over two helmet shells to further emphasise the pursuit of 'light and compact'. The scale reads 1700 grams, but it feels closer to 1400 grams. The reason for this is that the helmet is positioned differently on the head: it sinks deeper, which distributes the weight better and carries it through the shoulders instead of the neck. Traditionally, LS2 helmets have an oval fit, and this Valiant is no different.</p>	50€
