Pump Lift: 8M Dimensions: 260 x 460 x 360 mm PRODUCT PARAMETERS: The CW-3000 industrial water chiller has a capacity of 10 L, a maximum flow rate of 10 L, a cooling rate of 50 W/°C, a voltage of 220 V, a frequency of 60 Hz, and a current of 0.45 A. EFFECTIVE COOLING FAN: The industrial chiller features a professional forced-air cooling heater, high heat dissipation capacity, and is not easily blocked. The high-speed internal fans quickly remove heat. Precise thermostat: Equipped with precise temperature control, the temperature can be adjusted as needed. Real-time temperature	200€

		monitoring allows you to accurately monitor the water chiller's operating status. VARIOUS ALARM FUNCTIONS: This professional industrial chiller features multiple warning protection mechanisms, such as water flow, high/low temperature alarm, compressor delay protection, and compressor overcurrent protection. MULTIPLE APPLICATIONS: The professional CW-3000 series industrial water chiller is suitable for machines that require a small water-cooled chiller. The industrial chiller has patent, CE, and ROHS certification. It is designed to cool a 60W/80W CO2 glass laser tube in a laser engraving and cutting machine.
