35 bottles

Dimmable LED lighting

4 wooden shelves on runners

1 rack suitable for magnum bottles

Carbon filter/Hettich hinges

Glass Door

2 climate zones: above 5°C to 10°C and below
10°C to 18°C

This appliance comes with a 2-year
manufacturer's warranty. The warranty period
begins upon delivery of the lot.

The Boretti MLWC82 is an undercounter wine
cooler with space for 35 bottles, designed for a
fully integrated finish with a cabinet panel of your
choice. This allows the cooler to discreetly
integrate into a modern kitchen, with no visible
appliance. The continuous plinth and standard
door height ensure a perfect fit with the

dimensions of popular kitchen brands.

Thanks to two separately adjustable temperature zones, you can store white, red, and sparkling wines at their ideal drinking temperature. The internal LED lighting is dimmable in three settings and doesn't generate heat, ensuring a consistent temperature.

The wooden shelves are fully extendable thanks to the telescopic runners, ensuring ease of use and clear presentation. The door closes smoothly thanks to the soft-close hinges, even when partially opened.

An active carbon filter prevents odor buildup in the cooler and helps preserve the quality of your wines. The intuitive control panel allows you to easily customize all settings. The intelligent function adjusts the noise level to the ambient temperature, while the eco mode reduces energy consumption.

The MLWC82 is the ideal solution for those who want to professionally store their wine collection and integrate it seamlessly into their kitchen design.

For more information, see the technical specifications in the appendices.

The Boretti MLWC82GRAN is a countertop wine cooler with space for 35 bottles, designed for seamless kitchen integration. With two separately adjustable temperature zones, you can store white, red, and sparkling wines at their ideal drinking temperature, precisely regulated by the degree.

Thanks to the standard door height and continuous plinth solution, this model integrates perfectly into most kitchens, even handleless designs. The glass door features UV protection and soft-close functionality.

The cooler is equipped with extendable wooden shelves, dimmable LED lighting with three settings, and an intuitive control panel. The eco mode reduces energy consumption, while an intelligent function automatically adjusts the noise level based on the ambient temperature.

A stylish and functional appliance for those who value optimal wine storage, comfort, and

		<p>aesthetics in the kitchen.</p> <p>For more information, see the technical specifications in the appendices. Dimensions (L x W x H): 595 x 550 x 820-885 mm Retail price (€ incl. VAT): €2349 Weight category: 23 to 50 kg Condition: New Lying in/on: Original packaging</p> <p>Location: D2</p>

2 climate zones: upper 5 to 10°C and lower: 10 to 18°C

This appliance comes with a 2-year manufacturer's warranty. The warranty period begins upon delivery of the lot.

The Boretti MLWC82ZGAN is a countertop wine cooler with space for 35 bottles, designed for perfect integration into handleless kitchens. The wine cooler features two separately adjustable temperature zones, allowing you to store red, white, and sparkling wines at their ideal drinking temperature. The wooden shelves on telescopic runners are fully extendable, and the dimmable LED lighting creates the perfect ambiance, from subtle to bright presentation lighting.

Uniquely, this handleless model allows the handle strip above the door to be extended, ensuring the lines of your kitchen are not visually disrupted. The soft-close hinges ensure silent and controlled door closure. An active carbon filter guarantees consistent air quality inside the cooler, while UV-resistant glass protects your wine from light.

You can easily adjust the settings using the user-friendly touch panel. The eco mode helps save energy, and the intelligent function automatically reduces the noise level based on the ambient temperature.

The MLWC82ZGAN is ideal for those who want to seamlessly combine comfort, style, and technology in a modern, handleless kitchen.

2 climate zones: upper 5 to 10°C and lower 10 to 18°C

This appliance comes with a 2-year manufacturer's warranty. The warranty period begins upon delivery of the lot.

The Boretti MLWC88AN is an 88 cm high built-in wine cooler with space for 35 bottles. This model features two separately adjustable temperature zones, allowing you to store white, red, and sparkling wines at their ideal drinking temperature.

The wooden shelves are fully extendable thanks to telescopic runners, ensuring clarity and ease of use. The high-quality LED lighting is dimmable in three settings and does not affect the internal temperature.

The user-friendly touch panel allows you to easily set your preferences. The intelligent function automatically adjusts the noise level to the ambient temperature, while the eco mode helps save energy.

Thanks to its quiet operation, this appliance is also suitable for open-plan kitchens or living areas. The MLWC88AN is an elegant addition to any kitchen where design, comfort, and
