Unique work

A prestigious project by Brother X, created for interior designers.
It has been exhibited at various exhibitions.

A Mike Tyson head, spray-painted red, highly detailed with a gold-colored facial tattoo.
The head rests on a solid wood panel, painted white with a black border.

The work can be hung or placed on a table or cabinet; it's originally designed to be simply laid out.

A stylish concept that exudes class through the sleek two-tone designs (red, a powerful color combined with the gold tattoo).
