

## CATALOG

### Certified Rough Emerald Auction

#### DESCRIPTION

This exclusive online auction features a comprehensive collection of 109 lots of rough emeralds from Brazil. The emeralds range from commercial quality to (near) gem quality, ranging in size from small to medium, with some larger specimens.

The entire collection weighs over 1,400 kilograms (1.4 tons), with individual lots ranging from 8,000 to 18,000 grams (approximately 40,000 to 90,000 carats). The stones are rough, uncut, and partially embedded in a matrix, with hues ranging from light green to deep green.

All lots are sealed and officially certified, ensuring the contents are secure and authenticated.

#### Key Details

Quality: Commercial to (near) gemstone quality

Contents: Many raw emeralds (some oiled)

Origin: Brazil

Sealing and Certification: Sealed and officially certified

Storage: Antwerp, Belgium

Images: High-resolution photos available in the lot description

Buyers with diamond or gemstone dealer status will receive a new invoice with VAT exemption on the goods after the auction and upon presentation of the relevant certificate.
