 	39	Quantity: 1x Product Category:  Model: Basin Set - Washbasin - Concrete - Dusk Grey Additional Information: Concrete washbasin with matte black pop-up drain and overflow Material: Concrete Color: Dark Grey  Dimensions: 40x23x11cm  Included: 1 can of maintenance and protection wax-in-1 and 1 set of 2 mounting brackets Not included: Faucet and siphon	56€

		<p>003-DG + 1 set of brackets + PU-1608</p> <p>Mainly handmade in Indonesia. The washbasin is first extensively sanded and roughened by hand before being coated with four different protective layers (anti-scratch, anti-grease, waterproof, and color coatings). Each step is carried out by hand, and the washbasin is sanded repeatedly to achieve the highest possible result. Should any damage occur accidentally, for example, from a hard object falling over it, the specially supplied wax can be applied with a cloth. This wax not only masks the damage but also provides renewed protection, protecting the coating against common bathroom cleaning products.</p> <p>Weight category: 0 to 23 kg</p> <p>Condition: New</p> <p>Location: Hengelo OV, Netherlands</p>

	54	<p>Quantity: 1x Product Category:</p> <p>Model: Freestanding Bath - Ribbed - Matte White - 170x80x58cm - Acrylic Additional information: This freestanding bath adds luxury and flexibility to your bathroom. The ribs give the bath a sleek look, making it a real eye-catcher. Because the bath is not directly against the wall, the bathroom can feel larger and more spacious. This bath is made of high-quality acrylic. Acrylic is easy to maintain, durable, feels comfortable on the skin, and keeps water warm for longer. The lightweight material makes the bath easy to install. The bath is reinforced with fiberglass mats and a stainless steel frame. A standard overflow is included to prevent the bath from overflowing. The drain plug and flexible drain hose are included.</p> <p>FB-5119 Dimensions (LxWxH): 170x80x58cm</p> <p>Material: Acrylic</p> <p>Color: Matte White</p> <p>Overflow: Yes</p> <p>Drain plug: Included</p> <p>Siphon: Included</p> <p>Installation: Freestanding</p>	856€

Thanks to the</p>	2.940€

high efficiency and long lifespan of the LFP battery, this is a reliable and future-proof energy solution.

☑ Benefits

4K5 4kW (4.5 kVA) Victron MultiPlus-II inverter/charger

15 kWh LFP battery: safe, low-maintenance, and long-lasting

Suitable for on-grid, hybrid, and off-grid applications

Smart energy management and monitoring (VRM) available

Professional quality for residential and business use

Very interesting for installers, companies, and individuals looking for high-quality energy storage that is already fully configured and installed. The system is plug and play.

The total inverter power is 4.0 kW (4000 W) and the battery capacity is 15 kWh.

The system comes with a 5-year warranty on the Victron equipment and battery.

The system works with all PV systems.

Trading on the energy market is possible with this system.

Please note: the photos illustrate the design of the inverter supplied, the Multiplus 4k5.

Plate dimensions: 996 x 720 mm

You will receive 3 months of software support from the seller after purchase.

lithium iron phosphate (LFP) battery. Fully mounted and programmed on a plywood panel. This inverter includes two MPPT trackers, allowing you to connect 3kWp PV per tracker using an MC4 connection. Direct DC (direct current) charging is possible, improving efficiency.

This system is ideal as a home battery, for solar energy storage, emergency power, or for off-grid and hybrid installations. Thanks to the high efficiency and long lifespan of the LFP battery, this is a reliable and future-proof energy solution.

☑ Benefits

Multi RS Solar 6kVa inverter/charger/MPPT

15 kWh LFP battery: safe, low-maintenance, and long-lasting

Suitable for on-grid, hybrid, and off-grid applications

Smart energy management and monitoring (VRM) available

Professional quality for residential and commercial use

Very interesting for installers, companies, and individuals looking for high-quality energy storage that is already fully configured and installed. The system is plug and play.

The total inverter power is 5.5 kW (5500 W) and the battery capacity is 15 kWh.

The system comes with a 5-year warranty on the Victron equipment and battery.

The system works with all PV systems.

Trading on the energy market is possible with this system.

- Suitable for on-grid, hybrid, and off-grid applications
- Smart energy management and monitoring possible via Victron VRM

Very interesting for installers, businesses, and individuals looking for high-quality energy storage that is already fully configured and installed. The system is plug and play.

The total inverter power is 12 kW (12000 W) and the battery capacity is 30 kWh.

The system comes with a 5-year warranty on the Victron equipment and battery.

The system is compatible with all PV systems.

Trading on the energy market is possible with this system. Please note: the photos illustrate the installation. The inverters included on the panel in this lot are the Multiplus II 5000.

Panel dimensions: 1250 x 1210 mm

You will receive 3 months of software support from the seller after purchase

Weight category: 100 to 250 kg

Condition: New

Benefits

- Full-fledged 3-phase Victron system (3 x 6K5)
- 30 kWh LFP battery: safe, low-maintenance, and long-lasting
- Ideal for higher power outputs and continuous use
- Suitable for on-grid, hybrid, and off-grid applications
- Smart energy management and monitoring possible via Victron VRM

Very interesting for installers, businesses, and individuals looking for high-quality energy storage that is already fully configured and installed. The system is plug and play.

The total inverter power is 18 kW (18,000 W) and the battery capacity is 30 kWh.

The system comes with a 5-year warranty on the Victron equipment and battery.

The system is compatible with all PV systems.

Trading on the energy market is possible with this system. Please note: the photos illustrate the installation. The inverters included on the panel in this lot are the Multiplus II 6K5.

	188	<p>Quantity: 1x Product Category:</p> <p>Model: Victron Energy 3-Phase Storage System - 3x Multi RS Solar 18kVa (16.5kW total) with 30 kWh LFP Battery Additional Information: Victron Energy 3-Phase Storage System - 3x Multi RS Solar 18kVa (16.5kW total) with 30 kWh LFP Battery</p> <p>Offered is a professional 3-phase energy storage system from Victron Energy, consisting of 3x Multi RS Solar inverterchargers/MPPTs combined with a 30 kWh lithium iron phosphate (LFP) battery. These inverters contain two individual MPPT trackers to which 3.5kWp PV can be connected via an MC4 connection. This system contains a total of 6 trackers for a total PV capacity of 21kWp. The advantage is that you charge your PV directly to the battery via DC (direct current), making it more efficient.</p> <p>This system is ideal for homes and businesses with a 3-phase connection, and for applications such as solar energy storage, peak load, emergency power, and hybrid or off-grid installations. whenever you need it. By intelligently storing and returning energy, you can not only save on your energy bill, but you can even earn money.

The battery can be charged with electricity from solar panels, or if you don't have solar panels, it can be charged using negative energy prices.

The battery is large enough to power an entire household and can also serve as a reliable backup if the grid goes down. Condition of the entire system: new and comes with a 10-year warranty against capacity loss. If the capacity drops below 70% within 10 years, we will replace it.

Battery Specifications:

Storage: 15 kWh

Configuration: 1P16S

Nominal Voltage: 51.2V

Nominal Capacity: 295Ah

Cutoff Voltage: 40V

Voltage Range: 40V - 57.6V

Charge/Discharge: 200A

Maximum Charge/Discharge: 200A

Weight: 113kg

Dimensions: 817x412x267mm

SOC Range: 15-100%

Cycles: 10,000

Communication: CAN & RS485

Weight Category: 100 to 250 kg

Model: 180x210cm - Electric - Black - Premium High End

Additional information: Looking for an electrically adjustable box spring with superior comfort and top quality? Then this is the right choice! This combination offers support in all the right places thanks to the pocket-sprung mattress with 7 comfort zones. A topper with a split head section is placed on top. The pocket-sprung bases elevate sleeping comfort to a higher level. Experience the convenience of the electrically adjustable head and foot ends. The motor is mounted in a metal frame and integrated into the upholstered baseboard. The non-slip layers on the mattresses and the sprung bases, combined with the mattress topper, minimize the risk of mattress slippage.

To extend the life of your mattress and prevent contouring, regular rotation and turning is recommended!

1x Electrically adjustable Premium High End box spring, 180x210cm, black upholstery, remote-controlled head and foot ends, with a thick, upholstered headboard approx. 180/115cm, 2x 90/210cm motorized baseboards, 2x 90/210cm sprung box springs, and 2x 90x210cm sprung mattresses. Includes 1x 180/210 white cold foam split topper, approx. 6cm thick, and upholstered mattress supports.
